

Forum on Tracking Detector Mechanics 2015

<http://forum2015.nikhef.nl>

15 - 17 June 2015

Amsterdam Science Park

TOPICS

- Mechanical design, advanced materials and construction technologies
- Thermal management, cooling and bake-out
- Humidity control, monitoring and sealing
- Installation, integration, disassembly and transportation
- Stability, alignment and adjustment systems
- Quality control, failure and service management
- Radiation effects on materials and handling of irradiated structures
- Structural and vibration analyses

Organising Committee

Frank Raphael Cadoux, Andrea Catinaccio, Massimiliano Ferro-Luzzi, Corrado Gargiulo, Claire Gibon, Sébastien Michal, Andreas Mussgiller, Antti Onnela, Paolo Petagna, Hans Postema, Burkhard Schmidt, Paola Tropea, Bart Verlaat, Georg Viehauser, Patrick Werneke

Local Organising Committee

Eric Hennes, Kees Huyser, Macro Kraan, Bart Verlaat, Rob Walet, Patrick Werneke
Secretary: Joan Berger (jberger@nikhef.nl)
